Department Notes:

General Comments:

- Approx. run time tonight: 2hrs 30min
- To purchase online tickets, our Wednesday show is not listed-- do we know why that might be? (it could just be because it's sold out-- I just wanted to check!)
- Will Richard be taking production photos? If so, do we know what day(s)? (*The Breeze* will be taking photos at our final dress, October 11)

Production:

- What are the exact parameters of our mask requirements? Should we be designating a place for performers to put on their masks immediately after they get backstage, or do they only need masks if they are outside of the mainstage space itself?
- Could we have a chair and on each side of backstage?
- Could we have two music stands for tech week? (there may still be music stands in the 2240 closet from when we were rehearsing in there, could we take two of those?)

Director:

None today, thank you!

Scenic:

None today, thank you!

Props:

- Can we get a tray for Philostrate to remove all of the glasses during 5.1?
- Can we get a props table backstage stage right?
- Do we have an update on when we will be able to bring the rifle into rehearsals?
- Do we have an update on when we will have the sticks in rehearsal?
- Do we have an update on when we will have bedding? Or at least stand-in bedding?
- Can we have a conversation regarding the thornbush used by Starveling in 5.1?
